Stay Cool with Superior Venting

All FXRG® jackets feature vertical zippered front air vents and the single, horizontal back vent. The FXRG® venting system is designed to maximize airflow to help riders stay cool and comfortable when the ride gets a little too warm.

Everything in its Place with a Pocket System

Keep cell phones, glasses, and other essentials handy in the Midweight and Nylon FXRG® jackets. There’s even a built-in lens wipe to keep goggles smudge-free. Plus, when it’s cold outside, riders can slip disposable thermal packets into the lower back pockets of the warmth liner. It’s like having heated leather seats.
A. Detour Windproof Jacket
Windproof poly-fleece with laminated backing. Two zippered hand-warmer pockets. Removable lightweight body armor at shoulders and elbows. Pre-curved sleeves with snap-down sleeve tabs. Adjustable hook and loop cuffs and waist tabs. Embroidered graphics. 98516-08VW Women’s, Black
